

BIG QUESTION: What challenges did free African Americans face?

READ AN ARTICLE about a civil rights leader of your choice. Pay special attention to what issues they faced, and what goals they had as leaders.

Extension Idea #1

Have students create mini-books about a civil rights leader. The mini-book should include information about their subject's life, their goals, and why they were an important leader. It should include pictures. Alternatively, they can create a poster. This may be adapted for a digital format, such as Google Slides or Drawings.
